

MAYOR'S CORNER

Recycling-where do we go from here?

A person approached me at the park during our 4th of July celebration, and said "why didn't you let anyone know you were forcing us to have recycling?" I said, "we aren't forcing anyone and haven't even decided if we are going to present it to the citizens yet." "You haven't?" "No, but we are looking into the costs and benefits." From that and other conversations, we formulated a plan to see what is best for Riverdale.

On the Citizen Survey you just received, two of the questions are about recycling. We are attempting to approach the idea of recycling with no set ideas about whether we should or should not have recycling. The thing we are trying to do is keep everyone informed at each step of the way and get your feedback before moving forward. If it is cost effective and you as citizens say that the fee structure is in line, we will probably have a town hall meeting where we can better meet and discuss the various concerns face to face.

Support Local, Same Song, Different Verse

Riverdale Road construction is done, hooray! It is nice to be driving on new pavement and see traffic flowing smoothly since the re-construction. It has been a long two years for us, the commuters, and our business community as well. Some of the businesses didn't make it and some are still suffering since the road has re-opened because of changed traffic patterns and the down economy.

I would ask everyone to consider the following thoughts that I presented during the 1st phase of construction:

1. These people are trying to provide goods and services to us close to home so we don't have to travel far at high gas prices.
2. We have a wonderful variety to choose from here.
3. Prices are comparable to any other area.
4. Supporting local goes a long way towards keeping our other taxes low.
5. It is to our advantage as well as theirs to keep them open and operating.

I know that everyone is trying to conserve everywhere they can, and reducing purchases is the only way for some to make it. But if you are buying, no matter what it is, shop locally, eat locally, save time and support all of our Riverdale businesses.

Thanks for all you do to make our city great.

Bruce Burrows
Mayor
