

### MAYOR'S CORNER

#### RIVERDALE CITY EMPLOYEES

During our City Council meeting on October 7, 2014, a proclamation will be read and signed designating the month of October 2014 as Riverdale City Employee Appreciation Month. This resolution was drafted so that the community might be aware of the outstanding service and contributions shown by our city employees during 2014. The efforts of our city employees to serve the residents of our community, has been truly impressive. It has been a very busy year in Riverdale for our fire and police departments, public works, those overseeing city activities and all staff members. The efforts of our employees to make Riverdale City an even greater place to live have been truly commendable. We sincerely appreciate what they have done and are doing each and every working day! We wish to thank them for their dedicated service! Budget note: We have less city employees in the city than in 2005! (Doing more with less!)

#### RIVERDALE ROAD RECONSTRUCTION

The final phase of the reconstruction of Riverdale Road is moving along rapidly, in fact, one might say that the 'light at the end of the tunnel' is beginning to appear. The Utah Department of Transportation's (UDOT's) goal is to have the project completed by Thanksgiving. We are now hearing that things are moving ahead of schedule and that the major portion of the work will be completed by Halloween. Having this important roadway open in time for the holiday season will be a real plus for those who use it and for our city's businesses. It has been a long year dodging orange barrels, but it will be absolutely wonderful when the project is completed and that time isn't far off!

#### 4400 SOUTH PEDESTRIAN AND BICYCLE SAFETY PROJECT

For many years, travel for pedestrians and cyclists on 4400 South, under the I-84 underpass over the narrow I-15 bridge, has been a little nerve racking to say the least. There are no sidewalks and the roadway is very narrow under I-84. In the early spring of this year we (City Council, Mayor, and staff) felt that a major safety improvement through this corridor was badly needed. After receiving full support from the Mayors of Roy and Ogden Cities, drawings from our city engineer, along with an application for funds, were submitted early in June to the Weber Area Council of Governments Transportation Sub-Committee for funding. We were pleasantly surprised on September 8<sup>th</sup> when the committee approved full funding for this project during the year 2015. The project was also approved on September 30<sup>th</sup> by the Weber County Commission. This project is long overdue and should be a real positive for our city and the neighboring communities. It will connect our newly striped section of 4400 South with the newly widened section in Roy and will no longer be a "bottleneck" for 'active transportation' from Ogden to the Ogden Airport, to Roy and to points west to include the Frontrunner and the Rail Trail.

Norm Searle, Mayor

## CITIZENS SUPPORT APPRECIATED

From Riverdale Police Chief David Hansen

The Riverdale Police Department would like to thank the citizens of Riverdale for the privilege of coming into your neighborhoods and sharing some great barbeques with you. We as a police department enjoy these associations as it gives us a chance to get to know you as residents on a more personal level. We often spend much of our day (and nights) dealing with the less desirable elements of society, so it helps us to know that those we represent are kind and caring people. We feel it a pleasure to serve here in Riverdale and are grateful for how well the city takes care of us by providing tools and training for us to more effectively carry out our responsibilities.

As we draw close to Halloween, we hope you have a very scary night as well as a very safe and profitable one (lots and lots of candy). Please remind children to go in groups and to have an adult with those that are younger. Thanks again for making this such a great place to live and work.

## RAMP VOTE

The renewal of the RAMP tax initiative will be on the ballot for public vote in the coming November 4<sup>th</sup> General Election.

RAMP is an acronym for Recreation, Arts, Museums and Parks, and refers to a tax initiative that voters in Weber County passed in 2004. It authorizes Weber County to receive one penny in retail sales tax for every ten dollars spent. The money is collected yearly in a RAMP account and is directly invested in community projects through a grant process.
