The Riverdale City Municipal General Election was held on November 3, 2015, with a mixture of mail-in ballots and a live poll at the Riverdale Civic Center, 4600 South Weber River Drive, Riverdale, Utah 84405.

The code allows a municipality to canvass their results between 7 and 14 days after the election. The code also provides that a military-overseas ballot be counted if it is received the day before the latest deadline for completing the canvass. Weber County Officials, in conjunction with the Lieutenant Governor’s Office, therefore, recommend the Canvass take place November 17, 2015.

Ms. Manning verified the summary for Riverdale City, prepared by Weber County to ensure all ballots were accounted for. There were no irregularities or problems with this election that she was aware of. She certified the process was conducted in accordance with Utah State Law and the results compiled and presented at the Canvass are true and correct to the best of her knowledge.

The results were reported as follows:

3. **Ordinance 872 Amending City Code Title 5, Police Regulations, and Title 7, Public Ways and Property, Amending Rules and Regulations by Allowing Archery Under Certain Situations.**

Mr. Taylor summarized an executive summary which explained:

The current city code prohibits the discharge of firearms or bows and arrows. The recreation department is considering offering an archery class to the citizens as part of the recreation program.

Mr. Taylor is currently certified in both teaching and supervising an archery class and would like to have the opportunity to offer such a class if there is enough interest in the community. Under the current laws, he would not be able to. The amendments proposed here, still prohibit the discharge of arrows unless it is part of a city program.

Cost to the city for the code charges are minimal and eventual costs for the program would be part of the Recreation budget and/or shared with the participants.

There was a discussion regarding City liability. Mr. Brooks, City Attorney, did not feel this activity would be held at a higher liability than other recreational activities. There was a discussion regarding the type of bows and arrows allowed for the recreational activity. Mr. Taylor stated that would be contingent upon the grant in which the City applied for. His preference would be light weight compound bows. The classes would be introductory with a focus on range rules, safety, and an introduction on target shooting. All participants would have to use the bows provided by the City.

There was a discussion regarding the potential hazard of people using the range in between the scheduled classes. Mr. Taylor confirmed that the targets and equipment would be removed from the location and the code prohibits any shooting of fire arms or bows and arrows outside this proposed recreation program, so violators would be subject to the police enforcement of breaking the law. The specific location was undecided at this point.

Mr. Taylor stated this is a great program available to so many different ages and abilities. This allows another opportunity for children to excel. Mayor Searle thanked Mr. Taylor for all his hard work with the Recreation Department.

**MOTION:** Councilor Ellis moved to approve Ordinance 872 Amending City Code Title 5, Police Regulations, and Title 7, Public Ways and Property, Amending Rules and Regulations by Allowing Archery Under Certain Situations. The motion was seconded by Councilor Mitchell.
